

Build a rewarding nursing career at Randolph Hill

Why choose a career with us?

As a nurse at Randolph Hill we will provide a structure in which you can make a real difference, providing care to the residents in our nursing homes over an extended period of time. We are large enough to be able to provide the support to our team that is required – like a good supportive management structure, detailed policies and procedures, regular and comprehensive training; while still small enough to avoid being overly bureaucratic and to be able to make the right decisions to fit every circumstance.

We have created a career structure that allows our nurses to progress their career as far as they'd like, with incremental steps and the opportunity to progress from Staff Nurse to Senior Staff Nurse, Charge Nurse, Deputy Home Manager, Home Manager, Group Nurse Manager and Group Director roles.

We ensure all our homes are modern and offer the latest accommodation.

Our homes have single ensuite accommodation, with wet floor shower facilities providing level entry access. Each room has nurse call, telephone, TV with Sky TV & WiFi. Our homes are amply provided with lounge accommodation, with full Sky TV, cinema screen available for major events and film viewings, WiFi throughout and access to computer and iPad.

We are a well-funded and profitable organisation allowing us to ensure that our buildings are maintained to the highest standards, with improvements made to keep them up to date

with market advances.

We are able to provide a substantial management base to support all the staff in the building, consisting of our head office staff along with the Director of Nursing Homes Operations, Director of Care Standards, Group Nurse Manager, a fully supernumerary Manager and Deputy Manager, plus Charge Nurses with supernumerary time to assist in managing the home and help their career development.

We consider keeping active important for our residents, and all of our homes excel with a dedicated activity team providing a full and varied schedule of activities for residents to enjoy. We employ activity staff for a total of 120 hours each week per home in addition to the care staff, therefore allowing care staff more time to concentrate on their primary role.
